I would highly recommend Leslie to any of my peers to market their home. My house was on the market less than 48 hours and I had a contract. Prior to listing the home, I had some minor repair to do to the home. Leslie provided me contacts to do the repairs. The contractors were very professional in how they conducted themselves and completed the repairs to my satisfaction. I have nothing but positive comments for Leslie through the whole process. Leslie is currently helping me on the purchase of my new home. - George Michael Beatty, Smithville, MO

We have nothing but great things to say about Leslie. One thing I will never forget that she reminded me, quite often I might add, "You are going to land where you are supposed to land". Leslie truly cares about her clients and wants what is best for them.

Leslie Came into our lives a little over 2 years ago. We were having issues selling our home and we needed a new realtor. We were given Leslie's name by a co-worker/friend. She came in with great suggestions & our home had a contract and we closed a few months later. The market we were looking to buy in was extremely small in Lawson and we were deal set on a few specifics. While giving feedback on another property we looked at, the listing realtor suggested we look at another property she had listed. It had EVERYTHING we were looking for, but was out of our price range. Leslie did an awesome job of putting everything on the table and bringing our family into light. This is where our forever home was meant to be. Thanks to her hard work, she made it all happen!

Leslie, we landed right where we were supposed to be, and we couldn't be happier. - Danielle & Jeremy Hague, Lawson, MO

Because of the expertise of Leslie, my house nearly broke the internet with the number of showings and people wanting to see my home. My home sold in the first day on the market and the whole process was easy. Leslie is so professional and fun to work with, I almost wish I had another house to sell just so I could work with her again! - Darla Jill Hamer, Kansas City, MO

Leslie did a great job marketing our home to sell. She stayed in contact with us to let us know what was happening and not happening. I would recommend Leslie to anyone looking for an agent! - Don & Paula Miller
